

Homework for July 3rd

- Watch the Videos JBR in Module 2A:

[Video - Nature of Polymers: Methods of synthesis](#)

- Watch the following YouTube Videos:

- Classification of Polymers: <https://www.youtube.com/watch?v=YduOEGBtNfo> (4:39 min)
- Types of Polymerization: <https://www.youtube.com/watch?v=fMGHlLcTjOw> (7:57min)
- Polymerization Process -3D Animation: <https://www.youtube.com/watch?v=Z6rCE8alv3g> (3:33min)
- Tacticity: <https://www.youtube.com/watch?v=hKMnnwICyT8> 3:15 mn)

- Read the power point presentation (Module 2A):

- [2.1 Intimate Nature of Polymers 170815-1.pptx](#)

- By 12:00 hrs on July 3rd, you should have had written in the Class Journal and in your Personal Space:

- What you learned
- What applications you foresee to your learning.
- Questions/Doubts you might have.
